

Sunset Patio Offers Custom Styles for Your Outdoor Spaces

Some of the most outstanding designs in outdoor living styles are right in your own backyard if you're among those who are sold on Sunset Patio's collections. That's the company that creates fabulous furnishings custom-made to fit your lifestyle.

"That's what makes us different," said Sohail Djariri, owner with his wife Nancy. "We encourage customers to customize their outdoor living spaces and make their backyard an extension of their home."

That's a remarkable benefit because if you've shopped for outdoor furnishings you've probably noticed that the choices of fabric and frames are limited. But not at Sunset Patio. The company has thousands of fabrics to choose from and many styles of aluminum, poly rattan and wrought iron frames. You can choose a fabric you like to go with frames you like. "It's all about customization," Sohail said.

Best of all, Sunset Patio offers you high-end, custom-designed outdoor pieces at 40 percent below retail. That's because the furnishings are made in the company's Scottsdale location. "We give people a five-star backyard at a fraction of the cost," Sohail said.

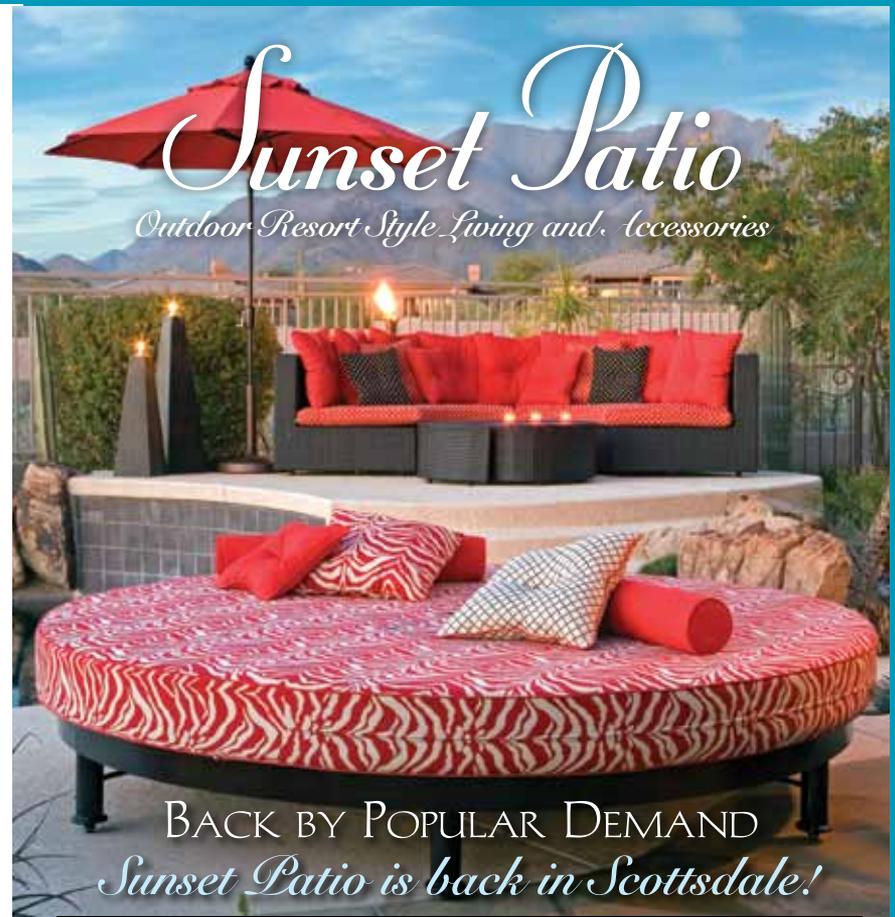

When you visit the spectacular showroom, you can see the products and the process. On display are 50 or 60 lifestyle groupings to give you an idea of the range of styles and colors. Walk further back in the showroom and you'll see seamstresses creating custom cushions in a variety of sizes. And, through a glass wall, you'll see the backrooms where people are bending and welding the metal with the finishing touches before they go to powder coating.

Nancy Djariri founded Sunset Patio when she and Sohail went looking for furnishings for their newly built home. The choices didn't fit their lifestyle and were expensive, so Sohail challenged his wife, "Why don't you make your own furnishings?" That was easy for Nancy, who has a natural talent for design. Her creations were so unique and so beautiful that friends asked her to make furnishings for their homes.

Nancy founded Sunset Patio in 2004 and the business has grown significantly over the years. "Nancy has a following," Sohail said. She sells to homeowners and resorts across the U.S., Canada and Mexico.

In addition to furnishings, Sunset Patio makes replacement cushions. And, to enhance your home, you can choose from a huge selection of unique indoor and outdoor accessories including lights, umbrellas in hundreds of different fabrics, vases, sculptures, tables, swings, silk plants and trees and candles, some accented with jewelry. Like the patio styles, you'll be amazed at how beautiful and affordable the accessories are.

If you want a custom outdoor resort style look for your home, then call on Sunset Patio. You'll surely be pleased with their quality, service, incredible prices and beautiful styles.
